

WOULD YOU LIKE TO HELP SET UP A PARENT & TODDLER GROUP?

Have you and your children benefited from making friends through attending local Parent and Toddler Groups? Turn your experiences into support for families in your local community whilst learning new skills. We're currently looking for local parents who would like to set up a parent and toddler group in the local area.

We can help get you started by providing:

- Free training, support and guidance
- Help with venue costs, resources and membership to the Early Years Alliance
- Ongoing support via a Parent Toddler Network
